

LABORATORY EYE WASHER

Instant Safety.
Reliable Performance.

VILVA Laboratory Eye Washer is designed to deliver immediate eye rinsing in emergency situations. Built for durability, ease of use and long-lasting performance in demanding laboratory environments.

FEATURES & BENEFITS

- Trigger Operated**
Easy push handle for instant and continuous water flow.
- Effective Eye Rinsing**
Designed to provide a gentle and aerated water stream for effective eye cleansing.
- Chemical Resistant**
Made from high quality materials resistant to laboratory chemicals and corrosion.
- Ergonomic Design**
Non-slip grip and balanced design ensures comfort and control.
- Easy Installation**
Deck-mounted for quick setup and secure fit on laboratory sinks.
- Durable & Low Maintenance**
Sturdy construction ensures long service life and minimal maintenance.
